Project Gutenberg is a wonderful source of free ebooks – particularly for academic work.

However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail.

cells form, starting the process of healing.

When the healing process nears completion, the rate of cell division slows, controls on growth are restored, and everything returns to normal.

Cell Growth

Division • In

eukaryotes, cell  
division occurs in two  
major stages. -The first

stage, division of the  
cell nucleus, is called

mitosis. -The second  
stage, division of the

cell cytoplasm, is  
called cytokinesis. •

Most eukaryotic cells  
go through a regular

cycle of interphase,  
mitosis and

cytokinesis. Mitosis
