Viral Immunology delivers cutting-edge peer-reviewed research on rare, emerging, and under-studied viruses, with special focus on analyzing mutual relationships between external viruses and internal immunity. Original research, reviews, and commentaries on relevant viruses are presented in clinical, translational, and basic science articles for researchers in multiple disciplines.

Viral Immunology | Mary Ann Liebert, Inc., publishers

Immunology also publishes review articles on subjects of topical interest to immunologists. While many of the reviews published are commissioned by the editors, Immunology welcomes unsolicited reviews. The journal does not in general publish papers of a primarily methodological nature.
