Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Use math journals and interactive notebooks to help students learn and practice their skills.

Increase the amount of time in these to help students 'show your work.' Here are some interactive and foldable ideas to make journaling and notebooking interactive to use for showing examples in different ways, illustrating a concept and defining math terms.

How to Make Math Journals Interactive - Teach Junkie

Math journals, or problem solving notebooks as they are sometimes referred to, are books in which students are often asked to record their strategy and thought processes, as well as solutions. While students learn how to "do" math, they must also learn how to articulate what they are learning.

Math Journals - K-5 Math Teaching Resources

Math journals are a great way to reinforce and review math concepts in a creative way. Once your students get used to the process, they can be done in just a few minutes. I had this 15-minute slot of time each day ~ during this 15 minutes my students would color their behavior day, pack up their backpack, and complete their math journal ~ we ...

Math Vocabulary Book - Model , model, model! Keep your own notebook and model how to use it both in school and for homework - Hold students accountable for the work in their math notebooks by using a notebook rubric. Collect notebooks every 4-6 weeks and let students know that their notebook work will count towards their math grade. Quadrilateral

Getting started with Interactive Math Notebooks [http://www ...](http://www...)

Because of my split grade, I end up keeping about half of my students every year. For this reason, I came up with many new ideas for my math journal. I've also had quite a few requests for different lesson / journal ideas for different concepts. So, this summer I worked on a "second edition" to my Interactive Math Journal - an add-on pack.

This page will help you set up and manage an easy-to-maintain math journal system in your classroom. FAQs about math journaling What's a math journal?

Everything You Need to Know About Math Journals

I created the first set of interactive math journals for second grade, but made it for this time of the school year. I wanted to get it going right away as teachers are experimenting with math rotations during this last few weeks of the school year. It is the perfect time to shake things up and pour in some excitement through a new format.
