Planesrunner is a 2011 young adult science fiction novel by British author Ian McDonald, and the first installment of the Everness series. The book follows British teenager Everett Singh as he travels between alternate universes in search of his missing theoretical physicist father.

Planesrunner - Wikipedia

Like Ian McDonald's earlier adult novel *Brasyl*, a core plot theme of the Everness books is the "many worlds" hypothesis of quantum mechanics. According to this (controversial) interpretation of quantum mechanics, parallel universes shard off from each other at every point where a random event determines one course or another.

Everness Audiobooks | Audible.com

Deception Well is a world on the edge, home to an isolated remnant surviving at the farthest reach of human expansion. All across the frontier, other worlds have succumbed to the relentless attacks of robotic alien warships, while hundreds of light years away, the core of human civilization - those star systems closest to Earth, known as the Hallowed Vasties - have all fallen to ruins.

Planesrunner by Ian McDonald | Audiobook | Audible.com

His most recent publications are Planesrunner and Be My Enemy, books one and two of the Everness series for younger readers (though older readers will find them a ball of fun, as well). Ian worked in television development for sixteen years, but is glad to be back to writing fulltime.

Ian McDonald - Audio Books, Best Sellers, Author Bio ...

There is not just one you, there are many yous. We're part of a multiplicity of universes in parallel dimensions - and Tejendra Singh has found a way in. But he's been kidnapped, and now it is as though Tejendra never existed. Yet there is one clue for his son, Everett, to follow: a mysterious app, the Infundibulum. The app is a map, not just to the Ten Known Worlds, but to the entire ...
