Formations Of Modernity Understanding Modern Societies: An ...

Modernity is often characterized by comparing modern societies to premodern or postmodern ones, and the understanding of those non-modern social statuses is, again, far from a settled issue. To an extent, it is reasonable to doubt the very possibility of a descriptive concept that can adequately capture diverse realities of societies of various

Definitions and Characteristics of Modernity

Module and Programme Catalogue

Rather, modernity/coloniality refers to the logic of colonial differences and hierarchies that are constitutive of the idea and project of Western modernity since at least the sixteenth century.

Religious Studies and/in the Decolonial Turn | Contending ...

The formation and evolution of the Solar System began 4.5 billion years ago with the gravitational collapse of a small part of a giant molecular cloud. Most of the collapsing mass collected in the center, forming the Sun, while the rest flattened into a protoplanetary disk out of which the planets, moons, asteroids, and other small Solar System bodies formed.

Formation and evolution of the Solar System - Wikipedia

The formation of carbon-12 in this way is only possible because of the existence of a special three-alpha-like structure in this nucleus: six protons and six neutrons. Even today, more than half a century after its discovery, this enigmatic state cannot be described by conventional nuclear models, but intriguingly, its properties suggest a form ...
