Some may argue that anatomy is not a fundamental topic because it's not required for a good drawing. But it is a fundamental for professional work, especially in entertainment art because it applies to any living creature that you try to draw. Once you understand how joints work you'll be able to see how bones and muscles move.

Drawing is all about paying attention. Pay attention to what you are drawing so you draw THAT object and not what you think it looks like. I'd suggest doing some blind contour drawing - that's where you keep your pencil on your paper and only look at the object, not the paper. The goal is to improve your eye/hand coordination. (No Peeking!)
