Trach Care Documentation

I had a patient recently that was supposed to go for a procedure in the morning. He was getting O2 and the setup was 4L O2 with FiO2 at 28%. He had a trach so he was receiving O2 via a T-Piece and was connected to a nebulizer. The Dr. didnt want him to go for the procedure because he was on 4L O2...

Respiratory question for a patient with a trach ...

A baptismal record, a hospital record, a passport, or a bona fide record should be used as documentation in support of the affidavit. The legal name of the student as shown on the original birth certificate will be entered in the student record. If a child's name has changed, legal court documentation indicating the name change is required.
