Web Aesthetics How Digital Media

The rise of social media and digital networks has been so dizzyingly swift that any cogent appraisal of the aesthetics of the web has, until now, been almost impossible to propose. A much-anticipated book, Web Aesthetics sets aside current debate about digital culture by directly addressing this neglected facet of the discipline. Here, the Italian media theorist and freelance curator Vito Campanelli examines social networks, peer-to-peer networks and our contemporary "remix culture," tracing ...

Web Aesthetics: How Digital Media Affect Culture and ...

Vito Campanelli explores network forms through the prism of aesthetics and thus presents an open invitation to transcend the inherent limitations of the current debate about digital culture. The web is the medium that stands between the new media and society and, more than any other, is stimulating the worldwide dissemination of ideas and behaviour, framing aesthetic forms and moulding contemporary culture and society.
